Deliveries directly from factory upon request and cost of contents in request with breakdown via quote.

Industrial v-shaped thermometer

Differential Pressure Gauge

Pressure gauge valve with test connection

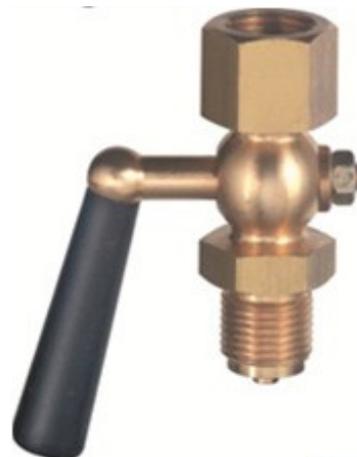

Temperature gauge with switch

Various pressure gauges in various prints available with certificate.

Pressure gauge valve with test flange

Pressure cock with wire

gas-proof transmission

Gestra program

Check valve single and double

Globe valve, storm flap valve, fire valve butterfly valve.
Our valves are according DIN, JIS and ANSI.

Control valve with several types of valves

Butterfly Valve possible whit certificate.

Sight glass

Strainer

Strainer with compression fitting or thread

Compensator of Balg

Coupling for grip ring and repair

Float switch

Float switch

Reflex gauge with top and bottom taps

Level gauge with lamellas

Pressure sensor

Level sensor

Needle valve and block and bleed valve

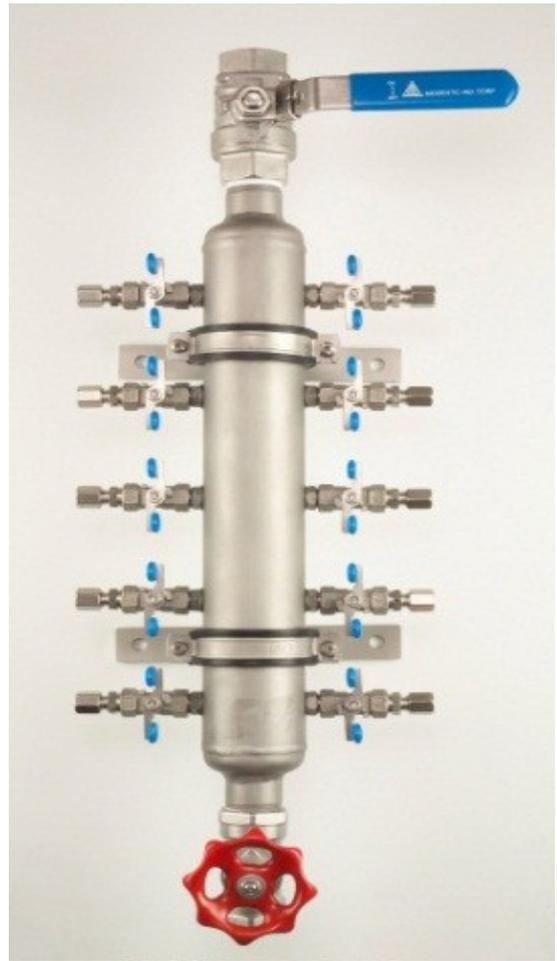

Double block and bleed mono flange

Shut of valve

5 Way manifold valve

Gas and Air headers

Siphons unshaped and pigtail

Float switch

Pressure transmitter and differential pressure transmitter

Pressure transmitter
